DETAILED ACTION

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - Claims 1-12, drawn to a micro-mechanical hinge, classified in class 16, subclass 221.
 - II. Claims 13-23, drawn to a V antenna, classified in class 343, subclass 735.
 - III. Claims 24-40, drawn to a docking switch, classified in class 335, subclass6.
 - IV. Claims 41-47, drawn to a reconfigurable capacitor, classified in class 361, subclass 277.
 - V. Claims 48-62, drawn to a reconfigurable microstrip line, classified in class333, subclass 20.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I-V are each unrelated to each of the other inventions. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions are not disclosed as capable of use together and they have different effects. The hinge, antenna, switch, capacitor and transmission line as recited are not capable of use together as a single device because the components from which they are formed are not compatible so as to result in a working device. Also, each of the inventions has a different effect such as

Application/Control Number: 10/009,986 Page 3

allowing rotation, radiating energy, switching between conductors, storing energy and forming a path for the propagation of energy; respectively.

Examiner's Comment

3. Claims 53 and 54 are missing from the application filed on December 11, 2001.

Correspondence

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Jim Vannucci whose phone number is (571) 272-1820.

Any inquiry of a general nature or relating to the status of this application should be directed to the Technology Center whose telephone number is (703) 308-0956.

Papers related to Technology Center 2800 applications only may be submitted to Technology Center 2800 by facsimile transmission. Any transmission not to be considered an official response must be clearly marked "DRAFT". The faxing of such papers must conform with the notice published in the Official Gazette, 1096 OG 30 (November 15, 1989). The Technology Center Fax Center number is (703) 872-9306.
